

## Special Feature

With on-line calculation sheet to obtain an accurate value

# Electronics mathematical formula lists

- 
- 64** Introduction Engineer support project ... editorial mission part 1  
: Back up engineers strongly who hate calculation !
- 
- 67** Chapter 1 From LED lighting circuit with a single resistance to oscillator  
Resistance/condenser/coil combinational circuit
- 
- 83** Chapter 2 From amplifier circuit to filter circuit  
Amplifier circuit by using OP amplifier, etc.
- 
- 96** Chapter 3 Select a circuit mode based on element number and design easiness  
Filter and oscillator circuit by using OP amplifier, etc.
- 
- 113** Chapter 4 From various onboard DC-DC converter to harmonic power supply  
High-efficient switching power supply circuit, etc.
- 
- 132** Chapter 5 From LC filter to characteristic impedance of coaxial line  
High-speed digital transmission line, high-frequency circuit, etc.

## Devices

- 
- 157** Can be used for digital control conversion circuit with resistance value tolerance at 1%  
Digital potentiometer "AD5293" with 1024 tap powered by  $\pm 16.5V$
- 
- 162** Internet connection with free software provided by microcomputer suppliers  
Ethernet H8 microcomputer H8S/2472
- 
- 172** For understanding functions of browser and web server  
【Ethernet H8 microcomputer H8S/2472: Appendix】  
Mechanism for internet connection with Ethernet
- 
- 174** MAC address assigned and loaded with security engine  
100Base-TX Ethernet controller "ENC624J600"

## General explanation

- 179 Eliminate cut and try by advance verification before making a prototype  
Simulation of transformer for switching power supply design
- 
- 194 For small-footprint and terminal number more than twice as many as flat package  
Wiring design with BGA package

## Serialization

- 189 Natural energy use in eco-era <4>  
Make a small plant factory
- 
- 203 Introduction to digital filter without mathematical formula <8>  
Basic technology for oversampling "Decimation"
- 
- 213 Challenge to CMOS analog IC design <11>  
Verification of circuit diagram and layout diagram
- 
- 220 CMOS analog circuit to the future <10>  
Example of power saving effort on wide band ADC
- 
- 225 Prescription for surge suppression <measure against noise>  
Principle and usage of impulse noise tester
- 
- 228 Learn from one's mistake <4>  
Errors due to mischoice of terminating resistance value  
for EIA-485 differential signaling
- 
- 230 Learn from an expert! Efforts to start new business <1>  
SUWA DENSI CO., LTD
- 
- 232 Electronics of the universe <new>  
No air
- 
- 234 Checkmate circuit <5>  
Method to improve high frequency cutoff characteristic
